## a personal invitation...

As artists, the work we do is always personal — our responses to the world in which we all live — responses that take a variety of forms: paintings, photographs, ceramics, sculptures, fabrics — myriad, creative, expressive and beautiful forms.

Now is your opportunity to see for yourself, to visit the personal places where we live and create our work, and get to know us.

We live in and find our inspiration in one of the most beautiful, picturesque regions of New York State. As you travel to visit us, see what we see every day — verdant vineyards and fields, lush forests, rolling hills, and a spectacular Lake Erie shoreline. There are plenty of places to eat and find lodging along the way (see our sponsors in this flier) so come and visit and stay awhile.

We invite you to visit our website at [www.ChautauquaArtTrail.com](http://www.ChautauquaArtTrail.com) to see additional images of our art, background information, and directions to our studios.

Come make your personal connection with us. We look forward to meeting you, showing you what we do and where we do it.

### We'll be here waiting to see you:
