## ..Our Personal

## Invitation to You...

Welcome to the Chautauqua-Lake Erie Art Trail, a free, open studio tour during which we invite you into our homes and studios to experience the places where we create art and to see our work for yourselves.

As artists, the work we do is always personal. Our life experiences serve as the foundation of everything we create. We extract ideas, visions, and dreams from our day-to-day lives. That energy becomes deeply embedded in our work.

We draw our inspiration from one of the most picturesque regions of New York State. Come see what we see and love everyday – the verdant vineyards and fields, the lush forests, the rolling hills, and the spectacular Lake Erie.

Our art encompasses many disciplines: painting, photography, ceramics, sculpture, and textiles. All of it is a creative response to the beauty that surrounds us in Chautauqua County.

We hope you plan to come visit and stay for a while. You will discover many places to eat, stay, and shop along the way (see our sponsors in this flyer). We also invite you to visit our website:

[www.ChautauquaArtTrail.com](http://www.ChautauquaArtTrail.com) to see additional images of our work, background information and directions to our studios.

We look forward to meeting you, and showing you our personal spaces.

See you soon!
